Jane E. Henney, M.D.
Commissioner, FDA
Parklawn Building, Rm.14-71
5600 Fishers Lane
Rockville, Maryland 20857

Dear Dr. Henney:

I urge you to support the ban on the nonmedicinal use for farm animals of those antibiotics that may also be used for humans. This use appears to be linked to antibiotic resistance in humans. I hope that you will take steps to put this ban in place. Thank you.

Sincerely,

Carol Burdick
